## All aboard the S.S. Reaper

Ahoy there! Welcome to Casket Works, our semi-regular catalog/magazine.

As you can see to the right, we've chosen a Gilligan's Island theme for the staff listing. Some of those characters you might recognize, some you might not. But they're all real characters from the series, trust me. (You see who gets to be the Professor, right?) Now, if I were trapped on a desert isle with two hot babes like Mary Ann and Ginger, things would have ended up a little differently, if ya know what I mean. (Mary Ann! Get in the kitchen and bake me some pie! Ginger! Get over here and rub Teebor's little duck feet!)

Anyways, check out the catalog section for some cool new Dark Heaven models. We've got a lot of really cool stuff coming out this spring. Sorry we couldn't show you pictures this time around, but there are some teaser pics on the New Releases page.

Speaking of new stuff, check out the CAV models on pages 42-43. These new models rock! (My favorite is the Rhino, by the way). The CAV rules are due out sometime in April, so all you mecha-heads keep your eyes peeled. In the meantime, go to [www.cavhq.com](http://www.cavhq.com) for news, updates and a download of the basic rules.

Also, take a peek at the inside back cover for a look at the cover art of "The Eldest Son", our first adventure for the Dark Heaven Legends line of role playing adventures and sourcebooks. For a color version, go to [www.reapermini.com](http://www.reapermini.com) and click on the Legends button.

Finally, I'd like to apologize to everyone who's been patiently waiting for this catalog. We have been extremely busy here at the shop trying to push as many miniatures out the door as possible. That, plus watching reruns of *BJ and the Bear* just takes up WAY too much of our time. Oh, Sheriff Lobo, will you ever win?

Well, we'll see you this summer after the Harlem Globetrotters arrive and rescue us from this primitive island lifestyle. That is, if Gilligan doesn't screw it up first...

*Ron*

Reaper Miniatures is here for people who love gaming. Our catalog is aimed at people with a love of miniatures, and a passion for gaming. Our goal is to stroke our egos and at the same time be innovative in the gaming industry. We love to have fun, create new things, push ourselves, make great figures and embarrass the other companies with what we can do.

### Must Be in the Genes?

We all know Sandra Garrity is one of the greatest artists in the gaming industry, but it looks like her daughter Amber Garrity might have inherited some of her talent. Take a look at the dragon sketch below, designed and drawn by Amber herself. Then compare that to the miniature sculpted by Sandy. Looks like we've got a tag team dragon here, eh?

### Dark Heaven Legends is on the Horizon!

Reaper's line of role playing adventures is almost here! In April, you'll be able to see our first adventure titled The Eldest Son, a beginning level adventure where your characters must find the lost son of a noble family before he meets an untimely end.

In June, we present the high-level adventure The Mummy's Curse (tentatively titled). Guess what this one's about! This special adventure is a boxed set, which includes miniatures, cardboard tiles for key encounter areas and a huge adventure that pits your characters against Khalith the Black, the mummy king of Adiri.

In July, enter the Free City of Farkeep, a 96-page sourcebook that details NPCs, encounters, factions and much more. Farkeep is a city on torn between powerful nations countries, trying to stay neutral, but war looms on the horizon.

In August look for The Land of Adon Campaign Setting, a huge sourcebook that details the countries, characters and history that the world of Dark Heaven is set in. Included are two new races, new spells, new magical items and new clerical domains. Everything you need for a fully detailed world setting right at your fingertips!

### CAV Lifts Off

In December, Reaper released the first four CAV miniatures with a bang! By the time you read this, more models should be hitting the shelves in stores near you. The CAV Rulebook will be out in April, providing you with all the info you need to fight for control of the galaxy! Go to [cavhq.com](http://cavhq.com) to get the full lowdown as well as updates, upcoming events and a free download of the rules. Or, give us a call and we'll send you a copy of the demo rules ourselves!

### "Luke, I am your father..."

Um, sorry, I got a little carried away there. On November 22, longtime Reapers Jon and Sue Ellen Walker became the proud parents of a 39-pound bouncing baby boy. Jon immediately named the future Miniatures Mogul Luke Sky. Just kidding. His middle name is Anakin...

### Viva Las Vegas!

During March, Reaper was at the GAMA trade show in Las Vegas. We had a great time visiting with everyone and one of our crew actually won BIG!.....on the ATM machines. "Yep, took it for all it was worth!"

### Our Favorite Websites

For this issue, we direct you to aim your desk-rodent-clicky-thing to [http://home.nachell.net/Intecoolj/Hot\\_Lead/hotlead.htm](http://home.nachell.net/Intecoolj/Hot_Lead/hotlead.htm). This site belongs to the incomparable Laszlo Jakusovsky. On this site, you will see several amazingly painted miniatures, tips on painting and tons of other fun stuff. You're really depriving yourself if you don't bookmark this page!

### Dwarven War Cannon Takes Aim

The Dwarven War Cannon (#10008) is available now at better hobby shops in your area. Sculpted by Bob Olley, the set includes a fantastic cannon as well as four dwarven crewmembers. What are you waiting for? Go get this cannon and blow those orcs to bits!

# A DAY WITH ED....

"ONE MINUTE, WE'RE IN FINAL BATTLE WITH GARRAK THE DEMON LORD, THEN BOOM! ... I DUNNO WHAT IT IS, BUT IT SMELLS LIKE PIZZA AND BEER!"

"THREE LETTER WORD... STARTS WITH 'O'..."

*This month we're taking a look at some of the feedback we've received from you on our order forms and mail-order certificates.*

### What is your favorite Reaper Miniature and why?

J.J.  
MSU, MS

"Undead and Dire Dead. It's fun to see your mother-in-law come back from the dead just to knock her back down!!!"

M.H.  
WinterPark, FL

"As much as I am impressed with the selection of female characters (in dresses even! not chainmail bikinis!) my favorite is Alura the Succubus. She is hands down the sexiest figure created. She just oozes sex! (you guys should come out with nymphs.)"

D.C.  
Long Branch, NJ

"My current favorite is Ta'resk - Black Orc Worlord, because he looks like me!!"

C.T.  
Rogers, AR

"I love all your minis, but Samantha of the Blade is my favorite as of now. She's a good size mini and I love the detail on her. Someday I'll own ALL Reaper Minis."

D.M.  
Bikby, OK

"Hecklemeyer 0 I'm not entirely sure why. The shock value of seeing a skeleton running around in a clown suit. This is probably why people are afraid of clowns."

C.E.  
Dardanelle, AR

"Sir Falco Stealcross of Vestonia. My favorite character is a Paladin and this is the way I see him before being able to purchase better armor."

K.J.B.  
Magazine, AR

"King Denethall of Haldor. The artistry in designing these characters are realistic and phenomenal. This miniature leaps out at you in one look. It's just heroic."

K.B.  
Elizabethtown, PA

"Tara the silent because of the detail and the fear you see in her face."

J.T.S.  
Gilbertsville, PA

"Tough call! Everything in the catalog looks great! I'd have to say Hecklemeyer the Skeletal Jester because I have a sick sense of humor."

J.T.  
Springfield, MO

"Hard to pick just one. They are all great, the reason is because of the detail. I view your miniatures more as fine art than as game tokens."

D.L.D.  
Knoxville, TN

"Alura the Succubus. Great looking detail! Nude, Bat Winged Bimbo from Hell! Please make more wicked females."

M.B.  
Long Beach, CA

"Jade of the Veils. She looks just like my sister, the belly dancer! Otherwise, I have many Reaper favorites, mostly because you strive for original ideas."

P.H.  
Lawrenceville, GA

"Nord Kegbreaker, just because he's got a stein of beer."

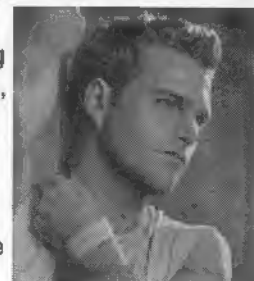

### Babewatch Time!

Okay, okay, this is two issues in a row that something has gone wrong with Babewatch. Last time it was old chicks, this time it's dudes? What gives? \*sigh\* This time, we're scoping out the fellas for the female readers. Next time though, we're going back to REAL babes, not some slab of man-beef...

This issue, let's see who would play our favorite thief Kurff in the Dark Heaven movie.

Chris O'Donnell- He could pull it off. And judging from the picture, he can climb a rope. Insert your own "Batman and Robin" codpiece joke here.

Heath Ledger- This Aussie would make a great Kurff. But I'm not sure if Kurff would eat a vegemite sandwich though...

Freddie Prinze Jr.- Can you say "Fresh Prinze of Farkeep"? Sorry. I promise to never say that again. \*ahem\* Anyways, Freddie would make a cool Kurff. And he doesn't have to wear a codpiece either.
